

The CSI Chemistry Department and CePM

Fall 2009 Seminar Series

Room 6S-232 Thursdays at 2:00pm

Date	Name	School	Title
September 17	Michael Ward	NYU	Crystallization at the Nanoscale: Regulating Crystal Structure and Other Curiosities
September 24	Mark Kobrak	Brooklyn College	Solvent Polarity and Dynamics in Room-Temperature Ionic Liquids: Life Without the Dipole Moment
October 1	Greg Sotzing	U. Connecticut	Color Functional Fiber
October 8	Glenn Kovacs	City College	t.b.a.
October 15	Kai Landskron	Lehigh University	Chemical Synthesis With Periodic Mesostructures At Extreme Pressure
November 12	Mahesh Lakshman	City College	t.b.a.
November 19	Elsa Reichmanis	Georgia Tech	t.b.a.
December 3	Shibo Jiang	New York Blood Center	Development of a Polypeptide Fusion Inhibitor for the Prevention of AIDS
December 10	Elsa Yan	Yale University	t.b.a.
